- Solid knowledge of the competition game rules and *FIRST* procedures and documentation.
- Skilled trainer and communicator.
- Community and consensus builder.

## Service Term Limits

---

As an unpaid, but highly demanding volunteer position *FIRST* feels it is important to place term limits on these positions for two main reasons. First, our volunteers are among the most dedicated and take their commitments seriously and they deserve a graceful way to step back and recharge and reenergize themselves. Secondly, term limits provide a healthy level of opportunities for new members of our community to step up into a leadership role and bring new ideas and experiences to our program.

- Each term is a 3-year term.
- There is a 2-term consecutive limit for GKV.
- Terms can be renewed for up to 6 years of continuous service before opening the role for new applicants.
- Each GKV led group will have a minimum of two GKV assigned.
- GKV terms are staggered so all GKV on a team will not be up for renewal at the same time.
- A GKV's term can be ended immediately in extreme situations (such as major life changes).
